

WORLD OF RADIO #1092, produced August 15, 2001 by Glenn Hauser

- *New August edition of Continent of Media 01-08 starts Aug 17 on RFPI; also via DXing.com and linked from our website
(STREAM) <http://www.freespeech.org/hauser/sounds/com0108.ram>
(SUMMARY when available)
<http://www.angelfire.com/ok/worldofradio/com0108.html>
- *New Mundo Radial starts Aug 17 on WWCW, Fri 2114 on 15685
- *DXers Calling provides WOR, Marie Lamb and Paul Ormandy in rotation:
<http://www.geocities.com/nri3> and also ham Q-News; see DXLD 1-107
- *New high-power transmitters being shipped to China, Greece
- *Mexican DX Meeting report on Viva Miami, WRMI, Aug 19-22
- *WBCQ ship project delayed for fund raising; R. Caroline relay starts Aug. 16 on 7, not 17 MHz; which BBCWS programmes should WBCQ relay?
- *Tigray exiles in Indiana try broadcasting via WWCW to Ethiopia; see <http://www.ethiopiancommentator.com> for background in English, audio
- *Radio UNMEE broadcasts to Ethiopia, Eritrea
- *Monitoring Somalia from Kenya; few SW stations active. See DXLD 1-106 and various station websites: <http://www.hornafrik.com>
<http://www.allpuntland.com> <http://www.arlaadi.com>
- *R. Mogadishu heard in UK; and R. Omdurman, Sudan, not in evenings
- *R. Burundi's reactivated SW still not heard; mostly blocked
- *V. of Africa, Libya, back on 17 MHz instead of 15; address heard by Mocanu, Cumbre DX: africavoice@hotmail.com
- *Sporadic English from Algeria heard again
- *NPR Weekend Edition Saturday had 17-minute report from Sealand:
<http://www.npr.org/programs/wesat/features/2001/sealand/081101.sealand.html>
<http://www.npr.org/ramfiles/wesat/20010811.wesat.07.rmm>
- *David Dimbleby leading applicant to head BBC, but opposed by unions
- *BBC Learning English no longer on SW to Europe, but MW
- *Film on the web of early 1938 trans-Atlantic TVDX from London to New York: <http://www.aps.org.uk/recording.htm>
- *David Hodgson, Nashville, DXed QRP test from R. Borderhunter, Belgian pirate on 15 MHz, down to 1/10 watt; congratulations
- *Standard disclaimer
- *Midpoint of WOR 1092, <http://www.angelfire.com/ok/worldofradio/>
Addresses wghauser@hotmail.com or P O Box 1684, Enid, OK 73702 USA
- *Thanks this week for financial support go to: Bill Flynn in Oregon
- *Deutsche Welle's monthly DX sub-program in English gets lost in the shuffle; to Asia only, last Saturday of each month with Mailbag Asia. Webcast schedule at <http://www.publicradiofan.com>
- *Let's vote for R. Austria; make your support known against another 50% budget cut: via webform at <http://www.ratzer.at>
- *R. Budapest, Hungary, may also be in trouble, as EDXC Conference is about to happen there August 24
- *V. of Armenia's Sunday English schedule varies, but excellent reception in UK
- *V. of Mesopotamia, clandestine, new frequency

- *V. of Kurdistan Toilers at new time; R. Kurdistan, V. of the Kurdish Socialist Democratic Party also monitored
- *Iranian clandestine on 17 MHz appears to be Seday-e Iran, formerly too close to WWCR on 15
- *Experimental Japanese station JG2XA studies Doppler effect near former JJY frequencies; see
http://ssro.ee.uec.ac.jp/lab_tomi/index.html
- *QSL from BPM, Chinese timesignal station gives schedule
- *Keith Perron has media show Wavelength on CRI's domestic morning show in English, Friday; via <http://www.cri.com.cn>
- *Excellent article on Falun Dong:
<http://slate.msn.com/Subcultures/01-08-09/Subcultures.asp>
- *R. Australia temporarily switched an Indonesian broadcast from Tinian to Abu Dhabi, same frequency until August 24
- *RCI spur on 15 MHz interferes with CFB Trenton, Ontario
- *R. Habana Cuba supposed to have started webcasting August 13, see
<http://www.infocom.etecsa.cu> or <http://www.cubasi.cu> -- but neither audio nor video working for us
- *R. Apintie, Suriname, active again on 60 meters; also has webcast:
<mms://206.30.227.30/apintie>
- *Two MW harmonics from Colombia heard in Ecuador, R. Viva, R. Super
- *R. Impacto Cristiano, Bolivia, is unlicensed, and no mail
- *Two stations in Independencia, Ayopaya, Bolivia; the SW station is cultural and not the one supported by German Catholics
- *AM and FM stations in Mexico City with formats in DXLD 1-101
- *Story about Samoan broadcasts in Silicon Valley:
<http://www0.mercurycenter.com/premium/local/docs/goodworks11.htm>
- *R. Oman, SW schedule in Arabic
- *Propagation outlook from Boulder, August 14: flux range 140-165
- *Glenn Hauser, concluding World of Radio 1092 ###
